Subject: Re: PFBS - working drafts of revised assessment and draft FRN

Thanks David. I'm sure she was just motivated to meet the direction to keep this moving, but no, we did not see any of the revisions before they went over despite my asking her about these earlier today. I expect that OMB will flag the same items I would have raised, so we may land in the same place. I'll share my thoughts with her directly.

It is helpful to have the benefit of your engagement and input on this. It I will make things go much more efficiently!

Thanks, P.G.

Peter,

It was my assumption that you were in the loop and that OW had been engaged as discussed yesterday.

I will contact Samantha and make sure that OW and ORD are connected at the hip on this one. I will ask her to contact you directly to coordinate and resolve any additional concerns.

Please call me directly if you need further discussion.

Thanks

Subject: PFBS - working drafts of revised assessment and draft FRN

Hi,

I wanted to share with you a revised version of the draft PFBS assessment and the draft FRN announcing the release of the toxicity assessments for PFBS and GenX chemicals for public comment. We consider these working drafts, not cleared as yet by the Agency; however, as I noted on our call yesterday, the Agency is interested in moving these on to the next step and appreciate your feedback.
